## SAMHSA's 2020 National Recovery Month Webinar Series

National Recovery Month is a national observance held every September to educate Americans that substance use treatment and mental health services can enable those with mental and substance use disorders to live healthy and rewarding lives. Now in its 31st year, Recovery Month celebrates the gains made by those living in recovery.

## The DUI MAT Pilot Project ends, and Begins Again, in September 2020!

The DUI MAT Integration/Outreach Pilot Project is a Joint Effort of the California Department of Health Care Services Medication-Assisted Treatment Expansion Project and The California Association of DUI Treatment Programs.

Alana Garcia, DUI MAT Lead Counselor - Granite Wellness Centers (formerly CoRR), Placer and Nevada Counties

The mission of the DUI MAT Integration/Outreach Pilot Project was to develop a program and framework to assess the sustainability and outcomes of adding additional care and treatment referrals for Opioid Use Disorder (OUD) and Polysubstance Use Disorder (Poly-SUD) through DUI Programs.

27 DUI MAT Providers went the extra mile throughout the project to educate and integrate the DUI MAT program into their service delivery structure. DUI MAT clients received additional one-on-one sessions from DUI MAT counselors, individual treatment referrals, help to connect with resources, and ongoing monitoring. DUI MAT Providers continued to offer the DUI MAT program and help clients throughout the pandemic utilizing telehealth and other remote options.

Though the project officially ends September 29, it will begin again on September 30 with the renewal of the project through the State Opioid Response (SOR) 2. CADTP will recruit DUI MAT Providers through an application process to be announced soon. [READ MORE.](#)
